

## **Columbia Gorge CWMA Education & Outreach Committee Meeting**

March 25<sup>th</sup> 2020; 3:10pm-4:00pm

Teleconference

**Attendees**: Mika Barrett (FOCG), Emily Stevenson (Skamania County), Courtney Gattuso (CSWCD), Evan Olson (Mt. Adams), Jeanette Burkhardt (Yakama Nation)

3:10 Welcome Mika Barrett

#### 3:15 Invasive Species & Exotic Pest Workshop

Emily Stevenson

- Review attendees survey results
- Improvements for 2021—what worked well? How can we improve?
  - Potential future topics:
    - Diverse groups affected by noxious weeds
      - Reach out to partners who are already doing DEI work and have a
    - Native Americans from local tribes discuss native harvests and connection to the land, how invasive plants may impact their culture
    - Have Marty present on the weeds that he displays in the Kahoot quiz
      - Would be helpful for folks who aren't as familiar with each species
    - Progression of natives after noxious weeds are treated
  - The group is expanding and might need to move to a larger location, which will cost a lot more money (and higher admission fees).
  - Make sure to check audio before the event, and have two podiums on the stage (maybe on each side), one for the speakers and one for the MC.

#### 3:40 Boot-Brush Kick-Off Status

Mika Barrett

- Status of Boot Brush Kick-Off (April 25<sup>th</sup> & 26<sup>th</sup>)
- How to proceed—review suggestions from General Meeting
  - The group agrees that we should have volunteers on call once trailheads are open—it'd
    be a great outreach opportunity to launch the event once the stay at home order is
    lifted.
  - ACTION: Mika will talk with her organization and will keep the group posted on the status of volunteer events in the Gorge.

- The committee is able to make kits in a pitch if needed, Courtney has the majority of brushes and Emily has lots of Gorge booklets.
- o Group would rather postpone the event than cancel it entirely.
- ACTION: Mika will stay in contact with ORPD and USFS about closures, Courtney to make kits and have on hand for the event.

### 3:50 Field Day Ideas

Courtney Gattuso

- Review ideas from General Meeting—What ideas are feasible?
- Back-up plan for COVID-19
  - The group has not set a date for their annual Field Day event, but partners from the General Meeting are most interested in a bull frog site field tour at various ponds.
  - Emily suggests having a speaker lineup set, and set a date once we have more information about trails and parks reopening. That way progress is made and we can go through with the event if COVID-19 cases diminish.
  - ACTION: Mika and Courtney will engage with potential speakers and set a tentative lineup in case we can move forward with the event.

#### 4:00 End

# **Next CWMA General Meeting**

August 26<sup>th</sup> 2020, 3:10pm-4:00pm Hood River Fire & EMS – Leonard Hay Community Room
